Has Been Aroused by the Drive Made By Ralph R. Owen.

The drive by Ralph R. Owen of the Cleveland Automobile club. New York to Florida, has aroused considerable interest in touring in the southland in the winter. Mr. V. 's destination is Ormand-Daytoma beach on the cast coast of Florida, has aroused considerable interest in touring in the southland in the winter. Mr. V. 's destination is Ormand-Daytoma beach on the cast coast of Florida, and the proposition of good roads for the Florida east coast.

Considerable road building has been going on in the neighborhood of Palm Beach and Ormand and Daytona and the latter places can now boast of several numdred miles of good roads.

A run can now be taken from Daytona to Orlando and return making about a 150-mile trip. Then good shen roads will be found from Daytona to New Sanyrna, and a good run can be taken from Crim nd to the former place making a distance of about 39 miles being a co-mile run frip. The new road from Palm Beach to Miann offers a 130-mile round trip, the road being constructed last year and will be widened considerably in the near future. The people of the west coast of Florida are also very desirous of adding to their good road mileage, and it is quite possible that the people will welcome the proposed bill which is to be introduced in the state legislature this winter by representative John B. Parkinson, of Dayt na, who is secretary of the Florida East Coast Automobile association, and who has done considerable work in the interest of good roads on the Florida east coast. The bill will possibly be modeled after that of the state of Michigato, which causes employment of convict labor on the roads. The prisoners employed on roads, under the mill, gent direction a distilable gaurd, are these of the state of Florida could be as nort time be fore the state of Florida could boast of a fine system of roads over which much friend would be done coach winter by northern visitors.

According to advices from Chicago, Manager Riley of the Casino Athe ic club of Tonopah is anxious to sign Mike Schreck and Jack O'Brien for his St. Patrick's day carnival at Tonopah. He has sent a set of articles east by Nat Lewis for Manager Billy Hogan to sign for Schreck Hogan announced tody that he is ready to sign any articles that O'Brien

Some one in New York has started the rumor that Neva Aymar, the star of "The Rain Dears" company, is to wed Jimmy Britt, the pugnist, within the next few days. Miss Aymar met Britt more than a year ago, and he was very attentive to her from the start. When Ned Wayburn produced "The Rain Dears" in Hartford, Etitt accompanied the manager and traveled around with the accress for several months, Miss Aymar is a verpretty and gracerul little girl, who first came into general notice when with "The Rogers Bros, in London."

"'Connie' Mack nad the greatest morning pitcher I ever saw a few years ago, when he was manager at Miwaurce, says Joe Cantilion. 'This man. Vollendrof, by name, had all kinds of speed and curves in the morning practise stunts, but in the afternoons he was a dead one. Finally, however, 'Connie' pitched him one Fourth of July morning and Vollendo f won. He tried if again on Labor day morning and the German pulled down another victory. What are you going to do with him now?' I asked 'Connie'."

"'Save him for next Decoration day morning,' was 'Connie's answer."

Jimmy Wiggs, the elongated southpaw twirer who used to hold down the say betimes for the Helena team in the Pa cilic Northwest league, and who later became known in the east both for his contract jumping propensities and his pit hing ability, says that if there is a Northwest league this coming summer he wants to be lined up with butte. When Jimmy Wiggs is right he is there with the goods—no mistake about that. His appearance in a Butte uniform would prove a good drawing card—as good a one as could be imagined, for Butte fans remember some wonderful games pitched by his same Jamesy back in 1902. Wiggs led a varied career after leaving Helena. He was with Salt Lake. Cincinnati. Brooklyn, Detroit and the Pennsylvania outlaws, and if he wanted to he could tell some mighty good baseball stories of his experiences.

High Fullerton says that baseball fans are the most blindly prejudic d c.a.s of persons it the world—and because every man on their team is the best in the world, until he is released, when he instantly occomes a dub, they seldom know the merits or demerits of the team. It is strange that men who watch baseball as if through a microscope seldom kn w the real value of a player. They can teil all about his batting, his fielding, his throwing, the condition of his arms, his morals, his habits—and all that—but when a comes to analyzing a man as a factor in the team they are as ignorant as the beginner who never-saw a game.

Just for the fun of the thing, I have circulated among cranks within the last few weeks, asking them to tell me who, in their opinion, is the best player in each major league team. Not one in fifty knew or picked the essential man, unless that man happened to be a great hitter or a great fielder.

Now, hitting and fielding are essential, but the fact is that the man who makes a ball club a winner, who puls off championships, seldom is recognized either as manager, captain, star, or anything except a high private. I have had persons ask me in all seriousness why a certain club kept "that dub"—and then they would name the man who made the team win—the heart, lungs and digestive apparatus of the entire club.

HOW TO AVOID PNEUMONIA. We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." For said by F. J. Hill Drug Co.
